

## ***Provincial Command***

March 20, 2020

Comrades All,

As we attempt to deal with the many issues during this difficult time I would ask that at branch level you have mechanisms in place with your Service Officers and Sick & Visiting Committees.

Can you please ensure that your Service officer is made available to handle any current clients that he may have and any new cases that may arise.

If your Sick & Visiting committee was assisting any Veterans, perhaps with delivery of meals etc., can you please do everything to ensure needs of these Veterans continue to be met.

President Jerry Lava
